

[Project Name]: [Concrete Problem Solved]

The Challenge

[Real-world problem - be specific]

The Solution

[Your approach - architecture diagram mandatory]

Quick Start

[Works in 5 minutes or people bounce]

Security Considerations

[This is your expertise - shine here]

Results/Metrics

[Quantify impact: "Reduced analysis time from X to Y"]

What I Learned

[Vulnerable honesty = authenticity]

## **LinkedIn Post Formula**
```

```
**Hook (first 2 lines):**
```

At 53, I was told I'm "behind on cloud skills."

So I built this... [result/metric]

```
**Body:**
```

- The problem (relatable)
- Your approach (specific)
- The result (concrete)
- What you learned (humble)

```
**CTA:**
```
